The application has been amended as follows:

Claims 1-32, 48 - 51 have been changed from "withdrawn" to -- canceled -- in accordance to the remarks section filed 6/24/04 which said "Upon entry of this Amendment, claims 33-47 and 53-73 are in the application."

Allowable Subject Matter

Claims 33-47, 53-73 are allowed.

The following is an examiner's statement of reasons for allowance: prior art does not teach nor render obvious a sampler that has, in combination with other limitations, a non-linear transmission line that includes a non-parallel waveguide; nor does it have a first nonparallel waveguide having a first impedance, a second nonparallel waveguide configured to receive the sampling strobe from the first nonparallel waveguide and

having a second impedance, wherein the first impedance and the second impedance are configured to produce an enhanced sampling strobe.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
